The Azwars

Missionaries to the Czech Republic

Fellow laborers in Christ,

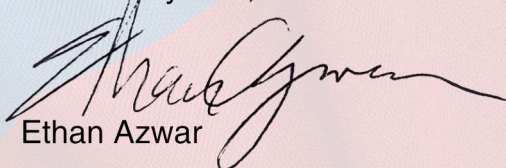

On the road! It's been a wonderful start to the year as we have started deputation full time. We have been in Missouri, Texas, and Oklahoma for meetings thus far, and will be in the Mid-West and Mid-Atlantic the next couple of months. We have already seen God's gracious hand in protection and provision. We serve a good God! The way our year began, we were in and out of Oklahoma City almost every week, and I believe it helped our family transition into this new way of living. Please pray for Elizabeth, Declan, and Lily as we leave toward the end of March, as it will be our first extended excursion away from our home church and family.

It's been an excellent start, and in more ways than just physical. We have been blessed to cross paths with veteran missionaries who have spent time to invest in us and share wisdom about deputation, language learning, home-schooling on the road, and more. Additionally, we have the unique privilege to meet brothers and sisters in Christ all over the U.S. (It's exciting to see God work in your own church - it's also exciting to hear about God working in places you're visiting!) The churches that have had us in have all loved on our family; We are very thankful for that. On our journeys we've also come across Czech history, both here in Oklahoma and in Texas. We, of course, had to visit the Czech bakeries on our route and make sure the pastries were up to par (they were).

Please pray for us in several areas:

- The church in Prague to continue to grow
- God to open and close doors as we seek meetings
- Our house to sell (we had a delay, but, God willing, will have it sold in March)
- Elizabeth, Declan, and Lily to adjust to being on the road
- For God to use our family to minister as we visit churches around the U.S.

Enabled by Him,

Ethan Azwar
